Adrian Röllin

Curriculum Vitae

Education

11/2002–11/2006 **Ph.D. in Mathematics**, *University of Zürich, Switzerland*, under supervision of A. D. Barbour.

10/1996–10/2002 **M.Sc. in Mathematics**, *University of Zürich, Switzerland*, minor subjects: computer science, actuarial science.

Positions

since 07/2021 Professor, Department of Statistics and Data Science, NUS

01/2015–06/2021 Associate Professor, Department of Statistics and Applied Probability, NUS

07/2009–12/2014 Assistant Professor, Department of Statistics and Applied Probability, NUS

09/2008–06/2009 Postdoc, Department of Mathematics, NUS

05/2008–07/2008 Postdoc, Institute of Social and Preventive Medicine, University of Bern

04/2007–03/2008 Postdoc, Department of Statistics, University of Oxford

Other Appointments

since 07/2018 Honorary appointment, Saw Swee Hock School of Public Health, NUS

since 07/2016 Honorary appointment, Department of Mathematics, NUS

Awards and Recognitions

2025 ISI Service Award (International Statistical Institute), for service as Scientific Programme Committee Chair for the 65th World Statistics Congress

2019 IMS Fellow (Institute of Mathematical Statistics)

2019 ISI Elected Member (International Statistical Institute)

2019 Dean's Chair, Faculty of Science, NUS

2010 Young Scientist Award, Faculty of Science NUS

2007 PhD thesis awarded for scientific excellence from the Faculty of Science, University of Zürich

Editorial Work

since 01/2021 Associate Editor, *Bernoulli Journal*

since 10/2020 Associate Editor, Applied Probability Trust (*Advances in Applied Probability* and *Journal of Applied Probability*)

2013–2021 Associate Editor, *Probability in the Engineering and Informational Sciences*

Professional Committee Work

since 2026 Member of the Commitee IMS Fund Supporting International Meetings in Probability, Statistics and Allied Areas (SIMPSAA)

since 2025 Vice President, Singapore Mathematical Society

2023–2027 Member of the Board of Directors of IASC-ARS (International Association for Statistical Computing, Asian Regional Section)

2024–2025 Committee on Nominations, Institute of Mathematical Statistics

Department of Statistics and Data Science, 6 Science Drive 2, 117546 Singapore
☎ *+65 6516 6650* • ✉ *adrian.roellin@nus.edu.sg* • *https://aroellin.github.io*

2020–2025 Ethel Newbold Prize Committee, Bernoulli Society (Chair 2024–2025)
2020–2025 Management Committee, Singapore Mathematical Society

Service appointments

2021–2024 Head, Department of Statistics and Data Science, NUS
2018–2021 Deputy Director, Institute for Mathematical Sciences, NUS
2018–2021 Deputy Head, Department of Statistics and Applied Probability, NUS
2018–2021 Faculty Promotion and Tenure Committee, Faculty of Science, NUS

Memberships in Professional Organisations

- American Mathematical Society
- Bernoulli Society
- Institute of Mathematical Statistics
- Intern. Assoc. for Statistical Computing
- International Statistical Institute
- Singapore Mathematical Society

Research Interests

- Distributional approximations in probability and statistics via Stein's method
- Random graphs and other random combinatorial objects
- Epidemiological modelling
- Applied statistical modelling and analysis in life sciences
- Statistical applications of deep neural networks

Research Group

Postdocs

2023–2025 Francesca Cottini, jointly with *University of Luxembourg*, under a joint Luxembourg-Singapore research grant, NRF Luxembourg
2022–2023 Yuanfei Huang, under MOE Tier 2 research grant
2022–2023 Tianshu Cong, under MOE Tier 2 research grant
2020–2022 Van Hao Can, under MOE Tier 2 research grant
2019–2021 Zhuosong Zhang, under MOE Tier 2 research grant
2018–2021 Gursharn Kaur, under Faculty of Science RSB program
2019–2020 Arturo Jaramillo Gil, joint with *University of Luxembourg*, under Luxembourg NRF
2019–2020 Xiaochuan Yang, joint with *University of Luxembourg*, under Luxembourg NRF

Ph.D. students

2021–2026 Ryo Imai, *Stein's Method for Multivariate Translated Poisson Approximation*
2018–2023 Shang Li, *Stein's Method for Total Variation Approximation With Applications to Analysis of Computer Algorithms*.
2016–2020 Wai Hoh Tang, *Deep Learning in Fluorescence Spectroscopy*.
2010–2014 Daniel Paulin (co-supervised with Louis H. Y. Chen), *Stein's method for Concentration of Measure*.

Visiting students

2026–2027 Marzio Formica, EPFL
2025–2026 Yuewen Hou, Fujian Normal University
2025 Côme Le Réveillé, École Normale Supérieure

Meetings

Past events

07/2026 Invited speaker, *NUS–PKU Statistics and Data Science Forum*, Peking University, Beijing, China

Department of Statistics and Data Science, 6 Science Drive 2, 117546 Singapore
☎ *+65 6516 6650* • ✉ *adrian.roellin@nus.edu.sg* • *https://aroellin.github.io*

07/2026 Invited speaker, *Second Oxford Workshop on Stein's Method and Networks*, University of Oxford, United Kingdom

06/2026 Invited Session organiser and Invited Speaker, *IMS-Asia Pacific Rim Meeting*, Hong Kong

04/2026 Project lead, ICTS-Networks Workshop *Challenges in Networks*, Bangalore, India

02/2026 Invited speaker, *iPOD Seminar*, University of Leiden, Netherlands

08/2025 Participant, *Stein's Method in Stochastic Geometry, Statistical Learning, and Optimisation*, Mathematisches Forschungsinstitut Oberwolfach, Germany

07/2025 *44th Conference on Stochastic Processes and their Applications*, Wrocław, Poland

05/2025 Invited speaker, Berliner Kolloquium, Freie Universität Berlin, Germany

05/2025 Invited speaker, Probability Seminar, WIAS, Technische Universität Berlin, Germany

12/2024 Invited speaker, *Mathematical Foundations of Network Models and Their Applications*, BIRS/CMI Workshop, Chennai, India

12/2024 Participant, *IASC-ARS Interim Conference*, National Taiwan University, Taipei, Taiwan

09/2024 Invited speaker, Probability Seminar, ICTS-TIFR, Bangalore, India

09/2024 Invited speaker, Probability Seminar, University of Melbourne, Australia

08/2024 Invited speaker, *Bernoulli–IMS World Congress*, Bochum, Germany

01/2024 Participant, *Discussion Meeting on Probability* at ICTS-TIFR Bangalore, India

01/2024 Invited speaker, *IMS-Asia Pacific Rim Meeting*, Melbourne, Australia

08/2023 Invited speaker, *Permutation and Causal Inference Connections and Applications*, IMSI Chicago, United States

07/2023 *64th ISI World Statistics Congress*, Ottawa, Canada

03/2023 Invited speaker, *UK Easter Probability Meeting*, Manchester, United Kingdom

09/2022 Invited speaker, *Graph Limits, Non-Parametric Models, and Estimation*, Simons Institute, UC Berkeley

04/2022 Invited speaker, *Advances in Stein's Method and its Applications in Machine Learning and Optimization*, BIRS Workshop, Banff, Canada

03/2022 Invited speaker (hybrid), *Population Dynamics and Statistical Physics in Synergy*, Oberwolfach, Germany

10/2020 Invited speaker (online talk), *Stochastics Seminar*, Georgia Tech, USA

07/2020 Invited speaker (online talk), *Probability Victoria Seminar*, Australia

02/2020 *Talking Across Fields: A Conference in Honor of Persi Diaconis*, Stanford University, United States

01/2020 Invited participant, *Discussion Meeting on Stochastic Analysis, Geometry, and Random Fields* at ISI Bangalore, India

11/2019 Invited to conduct 4-day mini-lecture series as part of graduate course *Introduction to Causal Inference and Stein's method*, Universities of Mannheim and Heidelberg, Germany

08/2019 Invited-session organiser, *ISI World Statistics Congress*, Kuala Lumpur, Malaysia

05/2019 Invited speaker, *Mathematical Colloquium*, Institute for Mathematics, University of Osnabrück, Germany

09/2018 Invited speaker, *Workshop on High-Dimensional Phenomena in Probability*, Bochum, Germany

09/2018 Invited speaker, *Workshop in Honour of Carl-Gustav Esseen's 100th Birthday*, Uppsala, Sweden

08/2018 Invited participant, *AIM Workshop on Stein's Method and Applications in High-Dimensional Statistics*, San Jose, United States

06/2018 Invited-session speaker, *IMS Asia Pacific Rim Meeting*, Singapore

06/2018 Invited-session speaker, *9th International Workshop on Applied Probability*, Budapest, Hungary

01/2018 Invited speaker, *PCM 125 International Conference in Statistics and Probability*, Kolkata, India

09/2017 Invited speaker at *Melbourne-Singapore Probability and Statistics Forum*, Melbourne, Australia

05/2017 Invited speaker, *Probability Meeting at ISI Bangalore*, Bangalore, India

07/2016 Invited speaker, *Asian Mathematical Conference*, Bali, Indonesia

06/2016 Invited-session organiser and invited-session speaker, *IMS Asia Pacific Rim Meeting*, Hong Kong

07/2015 Invited-session speaker, *Stochastic Processes and Applications*, Oxford, United Kingdom

07/2014 Invited-session speaker, *IMS Annual Meeting*, Sydney, Australia

06/2014 Invited speaker, *International Colloquium on Stein's Method, Concentration Inequalities, and Malliavin Calculus*, Château de la Bretesche, Missillac, France

10/2013 *International Conference Ars Conjectandi 1713–2013*, Basel, Switzerland

09/2013 Invited speaker for lecture series at the University of Melbourne, Melbourne, Australia

07/2013 Invited-session speaker, *IMS–China International Conference on Statistics and Probability*, Chengdu, China

06/2013 Invited speaker, *Workshop on New Directions in Probability*, ISI Bangalore, India

01/2013 Invited-session speaker, *Statistics, Science, and Society: New Challenges and Opportunities*, international conference organised by the International Indian Statistical Association, Chennai, India

07/2012 Invited speaker of contributed session, *8th World Congress in Probability and Statistics*, Istanbul, Turkey

06/2012 Invited-session speaker, *International Workshop in Applied Probability*, Jerusalem, Israel

06/2011 Invited speaker, *14th Applied Stochastic Models and Data Analysis Conference (ASMDA)*, Rome, Italy

06/2010 Invited speaker, *Stochastic Modeling Techniques and Data Analysis Conference (SMTDA)*, Chania, Greece

07/2009 *33rd Conference on Stochastic Processes and their Applications*, Berlin, Germany

06/2009 Contributed speaker, *1st IMS Asia Pacific Rim Meeting*, Seoul, South Korea

04/2008 Invited speaker, IMS Workshop on Stein's method, Singapore, 2008.

08/2007 *32nd conference on Stochastic Processes and their Applications*, Urbana-Champaign, USA, 2007.

06/2007 Invited speaker, *2nd International Workshop on recent advances in probability, statistics & financial stochastics*, Middlesex University Business School, UK, 2007.

07/2006 *XXVI European Meeting of Statisticians*, Torun, Poland, 2006.

08/2003 *IMS Programme on Stein's method*, Singapore, 2003.

Conference Organiser

07/2028 Chair of Local Organising Committee, *Bernoulli-IMS World Congress in Probability and Statistics*, Singapore

11/2027 Co-Chair, *One Hundred Years (or so) of Epidemiological Modelling*, Institute for Mathematical Sciences, NUS

06/2027 Co-Organiser, *FIM-IMS Joint Workshop on Mathematics of Data Science*, Forschungsinstitut für Mathematik, ETH Zürich, Switzerland

11/2026 Co-Chair, *FIM-IMS Joint Workshop on Mathematics of Data Science*, Institute for Mathematical Sciences, Singapore

12/2026 Co-Organiser, *Dynamic Random Structures: Evolving Graphs, Self-Excitation, and Coevolution*, Mini-Workshop at Mathematisches Forschungsinstitut Oberwolfach, Germany

09/2026 Member of the Organising Committee, *Singapore Mathematics Symposium*, Institute for Mathematical Sciences, NUS

05/2026 Co-Organiser, *SASI — Singapore–Abu Dhabi–Shanghai–India Probability Meeting in Honour of Charles Newman*, NYU Shanghai, China

12/2025 Member of the Scientific Programme Committee, IASC-ARS Meeting 2025, Ho Chi Minh City, Vietnam

11/2025 Co-Chair, *IMS Young Mathematical Scientists Forum — Statistics and Data Science*, Institute for Mathematical Sciences, Singapore

10/2025 Chair of Scientific Programme Committee, *65th ISI World Statistics Congress*, The Hague, Netherlands

11/2023 Member of the Organising Committee, *IMS Young Mathematical Scientists Forum — Statistics and Data Science*, NUS, Singapore

06/2022 Co-Chair, *Stein's Method — The Golden Anniversary*, Institute for Mathematical Sciences, NUS

06/2022 Chair of the Organising Committee, *A Tale of Rare Events — Symposium in Honour of Louis Chen on His 80th Birthday*, NUS

05/2022 Co-Organiser, *SASI — Singapore–Abu Dhabi–Shanghai–India Probability Meeting*, NYU Abu Dhabi Institute, Abu Dhabi

05/2019 Co-Chair, *SASI — Singapore–Abu Dhabi–Shanghai–India Probability Meeting*, Institute for Mathematical Sciences, Singapore

06/2019 Member of organising committee, *Symposium in Memory of Charles Stein [1920 - 2016]*, Institute for Mathematical Sciences, NUS

07/2016 Co-Organiser, *Second Melbourne–Singapore Probability and Statistics Forum*, Institute for Mathematical Sciences, Singapore

05/2015 Co-Chair, *Workshop on New Directions in Stein's Method*, Institute for Mathematical Sciences, Singapore

01/2010 Member of organising committee, *Workshop on Epidemiology of Infectious Diseases: Emerging Challenges*, Institute for Mathematical Sciences, NUS

Teaching

since 07/2009 Lecturing at the National University of Singapore

09/2008–06/2009 Teaching assistant at the National University of Singapore

04/2007–03/2008 Teaching assistant, supervision of MSc students and admission interviewing at the University of Oxford

11/2002–03/2007 Teaching assistant for lectures in mathematics, probability, statistics and bioinformatics, graduate and undergraduate level

Courses taught

Acad. Year	Sem.	Module Code	Module Title
2026/2027	1	ST2334	Probability and Statistics (first half)
2026/2027	1	ST5225	Statistical Analysis of Networks
2025/2026	2	ST2334	Probability and Statistics (first half)
2025/2026	1	ST5225	Statistical Analysis of Networks
2024/2025	1/2	ST5290	Data Science Industry Project
2024/2025	1	ST5225	Statistical Analysis of Networks
2019/2020	1	ST5214	Advanced Probability Theory
2018/2019	1	ST5214	Advanced Probability Theory
2017/2018	1	ST1131	Introduction to Statistics
2015/2016	2	ST5225	Statistical Analysis of Networks
2015/2016	1	ST5214	Advanced Probability Theory
2014/2015	2	MA4251/ST4238	Stochastic Processes II
2014/2015	1	ST5214	Advanced Probability Theory
2013/2014	2	GEM2900	Understanding Uncert. and Stat. Thinking
2012/2013	2	MA2216/ST2131	Probability
2012/2013	1	ST5214	Advanced Probability Theory
2011/2012	2	MA4251/ST4238	Stochastic Processes II
2011/2012	1	MA3238/ST3236	Stochastic Processes I
2010/2011	2	MA4251/ST4238	Stochastic Processes II
2010/2011	1	MA3238/ST3236	Stochastic Processes I
2009/2010	2	MA4251/ST4238	Stochastic Processes II
2009/2010	1	MA3238/ST3236	Stochastic Processes I
